Office of Data Processing

FROM: Director of Central Intelligence

SUBJECT: SAFE Steering Committee Meeting

1. I have noted the agenda for the April 25th SAFE Steering Committee meeting. There is a lot to pack into an hour and a half. Please be sure that item "D" gets high priority. I am primarily interested in understanding at this point the degree of commonality in the DIA and CIA portions of the proposed system to go under contract. In particular, I will want to know the reasons behind any hardware or software elements that are not common.

2. Thanks.
